Overview

This development has **55 apartments** with 2 or 3 bedrooms, arranged across four blocks. Two-bedroom apartments start from 68.69 m² and three-bedroom apartments from 84.52 m². The selection includes a penthouse and a duplex apartment. Each apartment comes with private garage parking and a storage room in the basement, plus a large terrace that looks over the golf course.

Amenities

The development includes a **communal outdoor pool** with night lighting and saline water treatment, landscaped gardens with lawns and trees, and a gourmet lounge. There is dedicated parking for golf buggies. A video intercom is fitted at the entrances, and the complex is fully enclosed and fenced for privacy and security. The basement has pre-installed power capacity for electric vehicle charging.

Specifications

Each apartment has a **fitted kitchen** with a composite worktop and appliances: fridge, dishwasher, oven, induction hob and extractor hood. Air conditioning runs through ductwork in the living room and bedrooms. The flooring is stoneware ceramic throughout, and bedrooms include built-in wardrobes. The entrance door is armoured, and the windows have double glazing for thermal and sound insulation. Buyers can choose several finishes.

Sustainability

Each apartment uses an **individual aerothermal system** for hot water, which lowers energy use. The air conditioning works through an efficient reversible heat pump. Energy-saving lighting is installed at the entrances, internal roads and gardens. Thermal insulation and double glazing reduce the need for heating and cooling. The basement is prepared for electric vehicle charging points across the development.
