Overview

This residential development consists of several apartments with options for 2 or 3 bedrooms, offering modern amenities and energy-efficient systems. Each unit is designed with high-quality materials, providing comfort and functionality.

Amenities

The development features outdoor pools, landscaped gardens, a solarium, a gym, and a business center. Two parking spaces and a storage room are provided per unit. Charging points for electric vehicles are also pre-installed in the parking area.

Specifications

Bathroom fittings include TEKA or similar brand wall-mounted toilets with extra-flat shower trays, double vanities in main bathrooms, and wall-mounted storage in secondary bathrooms. Kitchens are fully equipped with Silestone or similar worktops and integrated appliances rated A or higher, including a ceramic hob, oven, refrigerator, and washer/dryer. Each unit is equipped with an aerothermal system for hot/cold air conditioning and underfloor heating in bathrooms, with an option to extend underfloor heating throughout the property.

Sustainability

The development incorporates an aerothermal system for efficient heating and cooling, thermal and acoustic insulation in windows, and energy-efficient appliances to support sustainability.
