Overview

This development features 106 apartments and penthouses with 2 or 3 bedrooms, spread across several blocks with communal areas. Each unit comes with a terrace and underground parking, along with a storage room. Built to high energy efficiency standards, the development is focused on providing a modern living experience while prioritizing sustainability.

Amenities

The community offers extensive facilities for residents, including outdoor swimming pools for adults and children, an indoor swimming pool, a modern spa and gym, and a coworking space. Residents can enjoy a social club, beach volleyball court, yoga and meditation areas, a running track, and a putting green. There is also a children's playground for younger residents.

Specifications

Apartments range in size up to 130 m² and come with up to 3 bathrooms. All units are equipped with modern amenities such as double-glazed windows, aerothermal heating and cooling, and energy-efficient appliances. The bathrooms are fitted with premium porcelain fixtures, while the kitchens feature Silestone countertops and modern finishes.

Sustainability

The development incorporates solar panels and aerothermal systems for heating and cooling, helping to reduce energy consumption. Water-efficient taps and toilets, along with the use of native plants in landscaped gardens, minimize water usage. Energy-saving features like LED lighting and high-performance insulation further enhance the eco-friendly design.
