Overview

This development has two buildings with **75 apartments** in total, offering **2 and 3 bedroom** layouts. Buyers can choose between ground-floor apartments with private gardens, mid-floor apartments with large terraces, and duplex apartments with private solariums and an **optional private pool**. Each apartment includes two garage spaces and a storage room. Delivery is set for the **second quarter of 2028**.

Amenities

The complex sits on a **10,000 m² landscaped area** with walking paths and relaxation zones. Residents have access to a leisure pool and a **25-metre infinity pool**, both with automated lighting and irrigation. The development also includes a fully equipped fitness area, a furnished co-working space, and a pet-friendly outdoor zone with a pet-washing station. The garage features automated entry and pre-installation for electric vehicle charging points.

Specifications

Each apartment comes with porcelain tile flooring throughout, including non-slip porcelain on the terraces. Kitchens include an induction hob, integrated extractor hood, panelled fridge and dishwasher, oven and microwave, and quartz or porcelain countertops. Bathrooms feature thermostatic showers, suspended washbasins, and wall-hung toilets. Apartments include aluminium double-glazed windows, fitted wardrobes, walk-in closets in the master suite, and a security entrance door.

Sustainability

The development uses an **aerothermal system** for hot water production, which uses energy from the air to significantly reduce electricity use. Apartments include ducted air conditioning for heating and cooling, electric underfloor heating in the bathrooms, and a single-flow ventilation system for healthy indoor air. Each apartment has a **basic home automation pre-installation** with optional control of lighting, alarm, and climate, plus pre-
