This modern villa sits in an elevated position within La Resina Golf, offering privacy and wide open views. Spread across two floors with five bedrooms, it combines spacious living with thoughtful design.

On the entrance level, you are welcomed by a bright sitting area. The master suite is positioned to enjoy sea views, with its own walk-in wardrobe and en-suite bathroom. A second en-suite bedroom sits opposite. A striking staircase with a chandelier leads down to the main floor, where the open living area connects seamlessly with the kitchen and dining space. The kitchen comes fully fitted with Siemens appliances, while a feature wine wall adds a stylish touch.

This level opens out to a large terrace with an infinity pool, barbecue, and lounge area—perfect for gatherings or quiet evenings outdoors. Three more bedrooms are also found on this floor.

The villa continues to impress with a rooftop terrace, already prepared for a jacuzzi and BBQ, making it an ideal spot for relaxation and entertaining. A raw basement provides space for future customisation, whether for a gym, cinema, or extra rooms.

Solar panels have been installed to ensure the home is both efficient and environmentally conscious, offering modern comfort with a sustainable edge.
